- Please Touch Museum
- ... and more!

“

I couldn't have imagined a better first internship experience... I have learned so much about myself, about communication, about others, about art, about this gem of an institution, and most of all about looking closely at things... This seriously was a once in a lifetime experience.

Angela, Design Intern, Barnes Foundation

“

This experience not only proved that I'm on the right track in becoming more research-focused in my artistic practice, but also that I have the skills, interest, and energy to complete an academic program in the area and eventually seek employment in this field.

Gabriela, Collections Intern, Founders Hall at Girard College
